

ELIMINATING POVERTY THROUGH EDUCATION

Vision and Purpose:

Eliminating Poverty Through Education is a 501c3 nonprofit organization founded in January 2011 for the purpose of accomplishing its vision, which is to eliminate poverty, here in the US as well as worldwide, through the power of education. There are many nonprofits that exist, which give food, blankets, shelter, financial aid, even disaster and recovery aid all of which are very much needed and good, but if we are to make a lasting change, in our opinion, education is the only way to make these positive transformations permanent. It is the whole adage of giving a man a fish versus teaching him how to fish.

3 Fold Objective:

Our objective is to raise \$2.5M by July 1, 2011 to create an endowment fund for the nonprofit, whereby it operates primarily off of its interest and returns. The nonprofit will use this initial fund raise in three specific ways:

First, create a perpetual education fund for US residents. The LDS church practices this idea and has created such a fund, but it is only for non-US citizens. In our case, we will mirror the LDS church's PEF, but use it for domestic as well as international purposes. Domestically this perpetual educational fund will target orphans, single mothers, ex-convicts and homeless individuals.

Second, this substantial seed money will be used to open and create orphanages beginning first in the Republic of Congo, Africa and Odessa, Ukraine. These orphanages will operate as boarding schools, where the

children will not only have a place to eat and sleep, but a place where they will learn math, writing, reading, art, music, sports and life skills. All in an effort to empower these children with the skills required for them to be successful in society whether someone adopts them or not. Thus ending the cycle of poverty in their individual families.

Third, a portion will be used for reserves and investment purposes to earn interest and returns so that the non-profit will have a steady stream of annual income going forward from year to year to keep its vitality perpetual and never ending.
